Highlights

40 dB EMI/RFI noise filtration
Built-in filtering technology ensures the best performance from your components. It guards against signal interference and loss of data. The higher the dB rating the better the noise reduction.

6 outlets
Converts one outlet into six outlets allowing you to plug in multiple devices from one single AC outlet.

Protection indicator light
This LED alert lights up to indicate the surge protector is working properly.

$200,000 equipment warranty
Protects your connected equipment for the life of the product.

Power blocker
This automatic shutdown technology senses when the device has reached capacity and automatically shuts down electricity to your equipment. It protects against subsequent surges, even if you are not present
